Restructuring and partial refurbishment of Carnavalet Museum

23 rue de Sévigné, 75003 Paris

© DAC – Antoine DUMONT

Description

This operation concerns the restructuring and partial refurbishment of Carnavalet Museum, City of Paris' museum. The program aims to highlight the buildings comprising the Museum, and to improve the public welcome service, to review the walk of the permanent exhibition and the optimisation of the storage and archives rooms through the creation of an information resource centre. It is also created a space dedicated to temporary exhibitions and privatized room.
